

Frederick Gabriel Guilfoil

Objective

I am seeking job that deals specifically with computers and some interaction with customers.

Skills

I have decent people and technical skills. This includes troubleshooting, repairing, and installing networks & computers. I can function in Windows 98, XP, Vista, Server 2003, and Server 2008. I have some experience in configuring servers, Cisco routers, and programming. This also includes removing vicious Trojans and other viruses. Programs I am decent at include: Norton Ghost, Acronis Disk Director, Microsoft Word, Microsoft Excel, Microsoft PowerPoint, Microsoft Access, Adobe Photoshop, and Untangle.

Experience

May 2008 to August 2008 Design & Service Computers Mt Vernon, Kentucky

Computer Technician

- Volunteered for cooperative education for two months (no pay) and was offered a job afterwards.
- Removed malicious Trojan viruses including Vundo, Zlob, Downloader, adware, malware, and spyware
- Made three custom computers from spare parts and sold them from \$125 – 200. Two of them sold so far.
- Repaired NIC software problems.
- Multitasked fixing three computers at one time.

May 2008 to August 2008 Rockcastle Sheriff's Office Mt Vernon, Kentucky

Volunteer Sheriff Deputy Clerk

- Created a Microsoft Access database for civil summons, small claims, subpoenas
- Fixed the computers, and installed anti-viruses.

May 2007 to August 2007 Servpro London, Kentucky

Fire & Water - Cleanup & Restoration

- Cleaned spaces and rooms, in the Rockcastle Middle School, after a bad fire
- Moved heavy furniture and boxes of books
- Used dangerous chemical agents carefully

May 2006 to August 2006 Wal-Mart Berea, Kentucky

Associate

- Managed delicate plants and fragile products
- Lifted heavy objects for displays and from incoming trucks
- Transported bulky goods from the store for the customer
- When asked to be a cart associate, I did a great job of managing the carts
