

complete. Therefore, students should expect to receive their diploma 6-9 weeks after the end of finals week.

Teaching Certification

All students seeking initial teacher certification, regardless of the college in which they are enrolled, must meet the requirements for admission to professional education, complete an approved teaching curriculum, and pass the required PRAXIS tests as determined by the major/minor to be recommended for certification. For specific information regarding teacher certification requirements, please refer to the ECU Teacher Education Services.

GENERAL EDUCATION REQUIREMENTS

The mission of general education is to promote learning that is central to the intellectual pursuits associated with our educational programs and to enable students to make informed choices about matters of public and personal significance in a diverse, democratic society and global community. The general education program helps students to become informed, independent thinkers by developing competencies in communication, quantitative analysis, and critical thinking by helping them understand and appreciate the diversity of culture, individuals, the natural environment, and the global society. For certain curricula, individual requirements are waived if they are satisfied in the major program. Refer to the program plans in Section Five of this *Catalog*.

The General Education Program consists of 48 hours of course work in eight blocks (identified with Roman numerals): communication (I), mathematics (II), arts and humanities (III), natural sciences, (IV), social and behavioral sciences (V), wellness (VI), breadth of knowledge (VII), and depth of knowledge (VIII). These blocks are subdivided into 16 course categories. Students must earn the specified number of hours in each of these course categories.

Writing Intensive General Education Courses

All baccalaureate degree seeking students who enter the University in fall 2007 or later are required to successfully complete one writing intensive general education course following completion of ENG 102, ENG 105 or HON 102. Students are strongly encouraged to complete their writing intensive general education course before the conclusion of their second year of study. Writing intensive general education courses are designated with the suffix "W" following the course prefix and number (e.g., HUM 300W). W and non-W versions of the same course (e.g., HUM 300W and HUM 300) are considered equivalent for the purposes of satisfying course requirements for prerequisites, major courses, minor courses, and supporting courses. Credit will not be awarded for W and non-W versions of the same course.

Transfer students who are (full) general education certified and students who have earned any associates degree (including AAS) and baccalaureate degrees are not required to complete a writing intensive general education course.

NOTE: The courses listed award three hours of credit, unless a number appears in parentheses following the course name. This number represents the hours awarded for such courses. Course numbers followed by an asterisk (*) have prerequisites or other restrictions on enrollment. Refer to Course Descriptions in Section 6 of this *Catalog* for specific restrictions.
