

CSS Extended Menu

Assignment #2

Students are to add a Cascading Style Sheet extended menu in their student web pages.

Specifications:

1. The menu can be either:
 - a. Horizontal with drop down menus (recommended)
 - b. Vertical with pop out menus
2. The menu is to be on the student's home page, and for now on at least 4 other pages.
3. The menu is to have at least 4 main menu choices.
4. At least 1 main menu choice is to have at least 3 extended menu choices.
5. The coding for the CSS extended menu is to be in the student's external style sheet.
6. The student's menus should have some differences from the instructor's.

Evaluation	Points Possible	Points Received
1. Menu with at least 4 Main Choices	6	_____
2. Extended Menu	6	_____
3. On Home Page and 4 Other Pages	6	_____
