Flash Shape Tweening & Sound

Assignment #4

Students are to create a Flash animation, which is to include both Flash Shape Tweening and sound. This animation is to be placed on its own Web page.

Flash Shape Tweening

1. Include a shape to shape tween.
2. Include a text to text tween, or a text to shape tween or a shape to text tween.
3. Have at least one shape tween reverse back its original shape.

Sound

1. Add background music to the animation.
2. Add at least two short sound clips to the animation.
3. The short sound clips are to be timed with a tween in the animation.
