# Graphic Slicing

## Assignment #7

For this assignment a raster image is to be sliced into 3 parts. Add text and links to each part of the image. When added to a Web page, the parts will appear to be one image. This may be placed on any page of the student's Web site.

Add text and links to for the following:

1. The student's academic department.
2. The student's academic college
3. The University
